

# Want to be an eco-friendly pet owner?

Why not pick up rubbish while walking the dog?

As each pet carries their own ecological footprint, consider getting a new family member from a UK rescue centre

Consider biodegradable or recycled cat litter (e.g. wood chip or paper-based) and biodegradable poo bags!

Discourage wildlife hunting by keep your cat indoors, especially at night, or putting a bell on their collars.

Recycle pet food packets!

Cardboard and tins in household recycling

Plastic packaging with Minster's terracycle scheme!
