Have your cover needs for Bob changed?

When you took out this Covered For Life® policy for Bob, we established that you were looking for a policy which covered ongoing costs of veterinary treatment for illnesses and injury over his lifetime. With this type of policy, we don't put a limit on how long we'll pay for veterinary treatment. As long as you renew your policy each year without a break in cover, your veterinary fees benefit will be refreshed each year and we will pay claims right into your pet's old age, even if it's for treatment for the same illness or injury*. Other Petplan products may be available, so if your cover needs have changed and you'd like to discuss your options, please call us on 0345 072 0023.

Your Excesses

Veterinary Fees - you will pay the first £85 of veterinary treatment for each unrelated illness or injury.

Complementary Treatment - you will pay the first £75 of complementary treatment for each unrelated illness or injury.

Your Covered for Life® policy provides an amount of money in each policy year for you to claim for all illnesses and injuries. When your policy renews, this will be replenished and you will again have the full amount for the next policy year to claim for all illnesses and injuries. As the amount you can claim is replenished at each renewal, **you will pay an excess for each illness and injury in each policy year.** This means that if Bob's treatment dates span two or more policy years you will pay the excess(es) in each policy year for each illness/injury.

Check overleaf to see if any additional Excesses, Exclusions or Clauses apply.
You'll find our standard Terms and Conditions in the enclosed booklet.
